***Understand written English but not confident speaking?
We can help you.***

Following our successful cooperation of our first Club in spring/summer 2020, we are very happy to offer you the opportunity to regularly practise and develop your English speaking and listening skills.

- Small groups of adults - maximum 12 students
- Focus is on communication and fluency
- We are offering this opportunity to different countries so that our Club becomes like an international family, where students can meet, communicate, and make friends with people from other countries.
- Our teachers use a variety of topics & styles to encourage participation & interest
- Typical areas that you will cover include:
 - the use of up-to-date vocabulary
 - practical use of functional language
 - tips on how to improve your listening
 - *real* use of language while in group projects
- Attending regular short practice sessions is much better than attending one big session occasionally. For this reason, we have planned the Club for every Saturday, which will be 2 sessions with a short break in the middle.
- Ardmore Certificate of Attendance for all course participants

All we ask you to do is:

- attend the complete course of Saturday mornings or Thursday evenings
- let us know in advance if you cannot attend
- keep your video screen ON – it is **very** difficult for the teachers and other students to communicate well without seeing the person that is talking or they are talking to.

The English Language Club will take place on the following dates:
